Students will have to contact the Athletics & Recreation Department (SUAPS) to register for a specific sport at the beginning of the semester:

- Go to the secretary of the S.U.A.P.S, to choose a physical activity and sports, with a schedule that suits you (limited places, no registration by email or phone).
- Return to the International Affairs office to validate his registration definitively.

Courses take place 1h30 per week, attendance is mandatory (each absence is considered in the evaluation).

**Prerequisites**
Home institution’s authorization to transfer credits.
Students must be able to practice a physical activity (not of incapacity, long-term injury ...)

**Course Objectives**
Allow students to integrate sport into their university curriculum at Dauphine, regardless of their department. Teachers in each activity will provide you with:

- Theoretical content;
- Physical content through the practice of a physical activity.

**Mode of Assessment**
You will be evaluated, in each activity, through the following areas:

- Your physical performance (continuous or final exam depending on the activity);
- The knowledge provided by the teacher during the course (evaluation in the form of a file and knowledge testing at the end of the semester);
- Your progress and your commitment.

**Course Schedule**
The schedule depends on the sport chosen.

**MyCourse**
This course is on MyCourse : No

**Grading**
The numerical grade distribution will dictate the final grade.

**Class participation**: Active class participation and diligence – this is what makes classes lively and instructive. Come on time and prepared. Class participation is based on quality of comments, not quantity.

**Exam policy**: In the exam, students will not be allowed to bring any document (except if allowed by the lecturer). Unexcused absences from exams or failure to submit cases will result in zero
grades in the calculation of numerical averages. Exams are collected at the end of examination periods. 

**Level of practice**: obviously, the grade takes into account both the level of practice and the improvement during the semester.

**Academic integrity**

Be aware of the rules in Université Paris Dauphine about plagiarism and cheating during exams. All work turned in for this course must be your own work, or that of your own group. Working as part of a group implies that you are an active participant and fully contributed to the output produced by that group.
